

How do I Repair if the Lasetnet Cloud Print Connector Service Disappears?

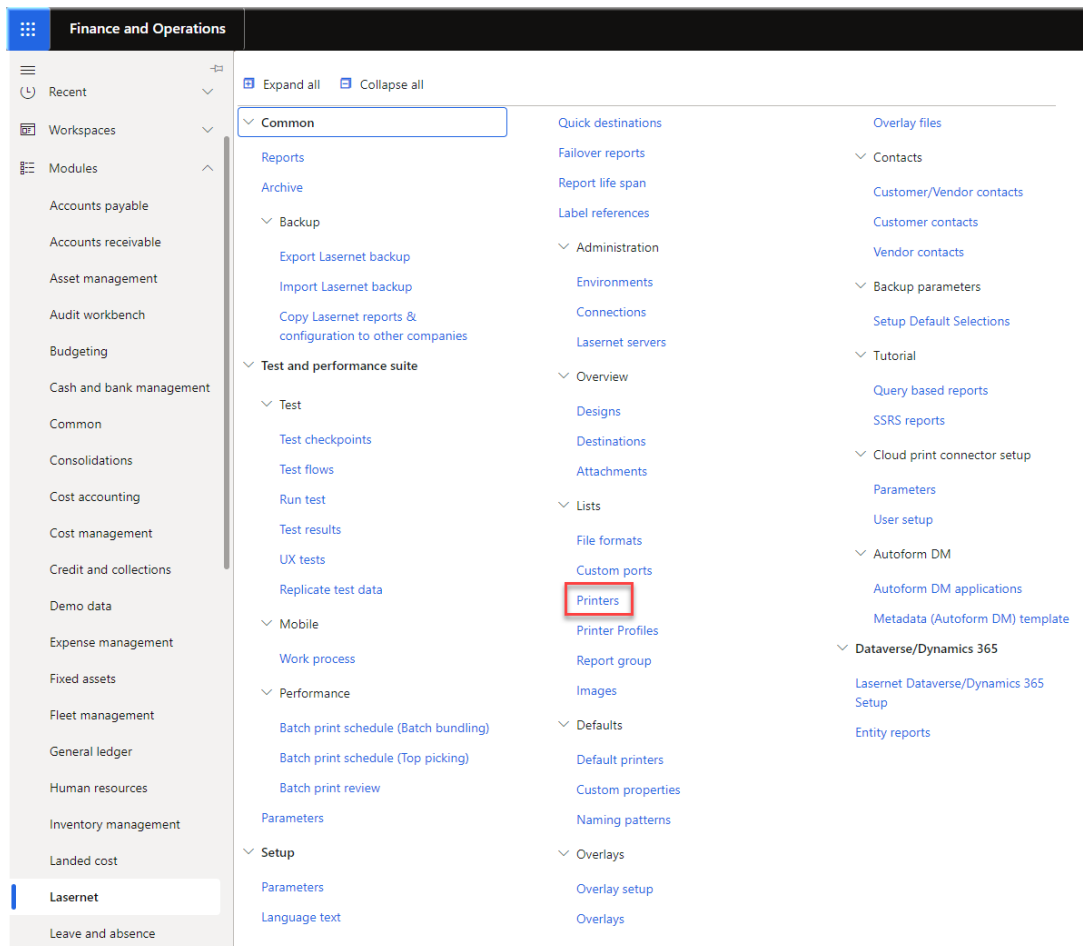

- 2023-11-30 - Comments (0) - Lasetnet FO Connector FAQs

Lasetnet for Dynamics 365

This article provides a solution for when the Lasetnet Cloud Print Connector service for Dynamics 365 Finance and Operations disappears.

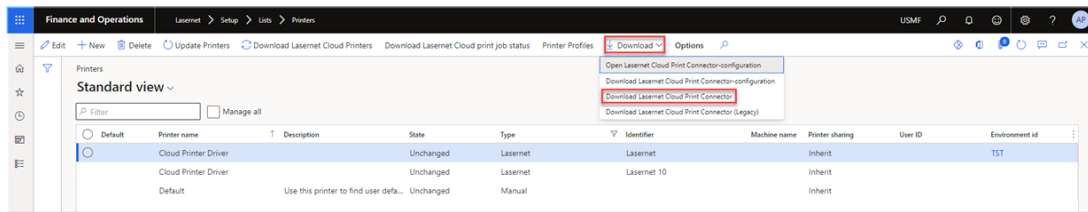

Resolution

1. Open Finance and Operations and navigate to **Lasetnet > Setup > Lists > Printers**.

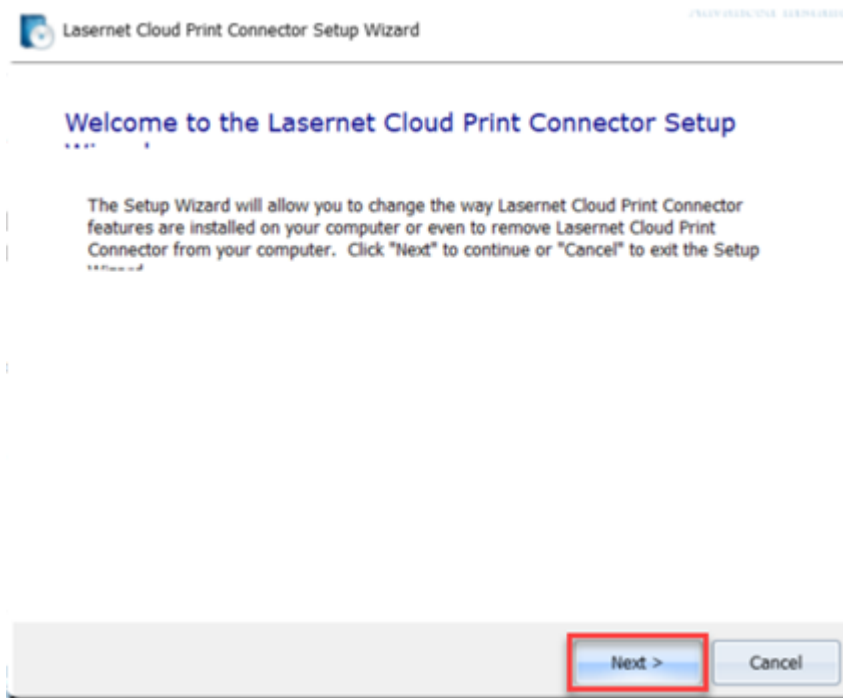

The screenshot shows the Microsoft Dynamics 365 Finance and Operations interface. The left sidebar is titled 'Finance and Operations' and lists various modules. The 'Lasernet' module is selected. The main pane displays a tree view of the 'Lasernet' module structure. The 'Printers' item under the 'Lists' folder is highlighted with a red box.

2. From the top Menu bar, select the **Download** button, then click **Download Lasetnet Cloud Print Connector** from the drop-down menu.

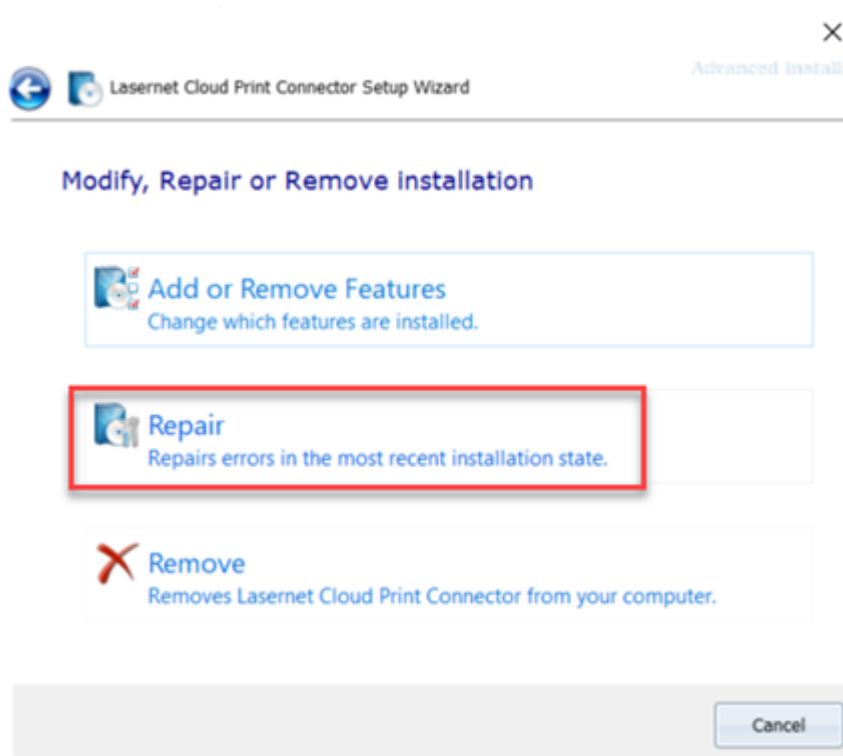

3. Run `LasernetCloudPrintConnector.exe`.

4. A Setup wizard will appear. Click **Next** to proceed.

5. Among the options that will appear on screen, choose **Repair**.

6. Click **Repair**.

Begin repair of Lasernet Cloud Print Connector

Click "Repair" to repair the installation of Lasetnet Cloud Print Connector. If you want to review or change any of your installation settings, click "Back". Click "Cancel" to exit the wizard.

Repair

Cancel

7. Choose **Finish** to close the wizard and complete your process.

Thank you

Lasetnet Cloud Print Connector has been successfully configured.
