Maintenance Report

This section is an overview of the fixes and features included with this version.

If you encounter difficulty while using Lasetnet BC Connector, please contact us via the **Create Ticket** button in the support portal.

Internal Ref.	Issue	Details	Status
#336657	Missing Permission on codeunit Application Mgt	Permission property in the codeunit FPL Application Mgt. was missing in the last release causing problems for users that do not have explicit READ rights for the system table NAV App Installed App.	Fixed
#335349	Empty fields with type "System value" on Document Layout causes an error.	An error message occurred when adding a System Value or a translation field within Document Layout without a description.	Fixed

#335776 Document Layout Filter does not filter if the value is empty

Fixed an issue where the Document layout filter did not apply the filter when there was no item number. For example, when adding a comment line on your sales order or an empty line.

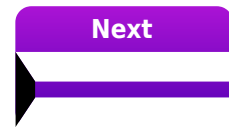

Fixed

#330886 New report - Purchase Document Test

Support for Purchase Document Test report (BC ReportId 402). This report covers the following

Feature enhanced

test reports:
Purchase Order
Purchase Return Order
Purchase Invoice
Purchase Credit Memo
Please note that the four reports above do not have a test report for each individual document type, but they are all using the same report in BC.
