## Maintenance Report

This section is an overview of the fixes and features included with this version.

If you encounter difficulty while using Lasernet, please contact us via the **Create Ticket** button in the support portal.

| Internal Ref. | External Ref. | Area | Details | Status |
|---|---|---|---|---|
| 293924 | 25345 | Developer / Config Server | Refactored migration to fix missing configuration file version and other migration bugs between Lasernet 9 and 10.<br>**Important:** If you upgrade from any previous version of the 10-series you cannot downgrade and afterwards open a configuration stored in the Lasernet Config Server. The list of configurations will remain empty.<br><br>We strongly recommend that you create a backup of the Lasernet Config Server as described in the following article, before you upgrade to this version:<br><br>How do I backup and restore Lasernet? | Fixed |
| 310574 | - | Developer | A handle leak could cause a crash when exporting objects | Fixed |
| 309122 | - | Developer | There was an issue with the UI in the General tab of the JobInfo Profile dialog, where settings for Type and Show were not separated | Fixed |
| 309552 | - | Developer | There was an issue with the UI for Modules > Modifiers > Criteria tab, where the Add JobInfo Criteria incorrectly figured as a Scheduler Criteria | Fixed |
| 312506 | - | Form Editor/Engine | Added support for embedded fonts in SVG images | Feature enhanced |
| 312239 | - | Form Editor | Changing sheet in 'Sheet Options' dialog did not refresh value for 'Maximum image DPI' setting in Advanced tab | Fixed |
| 311787 | - | JavaScript | F.isFile and F.isDir returned incorrect Boolean in JavaScript | Fixed |
| 307970 | - | OCR Engine | Empty values for DisplayMember and ValueMember in OCR Engine > Identifier tab were not backward compatible | Fixed |

| Internal Ref. | External Ref. | Area | Details | Status |
|---|---|---|---|---|
| 312009 | - | Printer Service | Added "Reset Layout" functionality in Printer Service app > View menu, to reset layout of tool bars in UI | Feature enhanced |
| 311787 | - | Printers and Drivers | Added missing printer drivers to Lasernet Developer installer. Fixed an issue where Lasernet Printer Capture 10, was not installed and running if Lasernet Developer 10.2 or 10.3 were running on a local computer | Fixed |
| 313695 | - | SharePoint | Original RefreshToken was mistakenly copied from configuration overwriting any new RefreshTokens obtained on authentication, causing login issues after typical 90 days | Fixed |
| 312587 | - | Web Server Input | Added missing ScopedThreadModuleID information to Lasernet Server log | Fixed |
