[How to Import the Default Configuration for Dynamics | Lasetnet for Dynamics 365](#)

Nathan Gould explains importing the Default Configuration for Dynamics.

We have a dedicated [Feature Videos playlist](#). You can subscribe for updates on all our video releases.

The screenshot shows a YouTube playlist interface. At the top, the video title is "Configuring Multi-Language Email Templates Including Attachments". Below the title, the channel name "Formpipe" is visible. The playlist is titled "Product Feature Videos" and is for the "Formpipe ERP & Banking" category, with 27 videos and 169 views, updated 2 days ago. There are controls for "Play all" and "Shuffle". A description follows: "In-depth insights into the features of Formpipe products delivered by our experts." Below that is a subscription link: "Subscribe to Formpipe: <https://formpi.pe/sub-ps>". Social media links are provided for ERP, Banking, Temenos, LinkedIn, Twitter, and Facebook. At the bottom, there are hashtags: #Formpipe, #OutputManagement, and #DocumentManagement.
